S PRING FLOWERS

THAT GROW FROM

BULBS

RODERICK M. CROCKET & CO.

BULB IMPORTERS

100 UNION AVE., N.

CRANFORD, N. J.

TULIPS, Daffodils, Hyacinths, Crocus or any of the different bulbs that are available, are of the easiest culture whether grown in the House, Greenhouse or Garden. Given good soil, heat, moisture and light, these harbingers of Spring will bloom profusely from November until April in the average dwelling, while those that have been planted in the garden will continue the pageant until June.

Terms of Business: All prices quoted herein are based on cash, though we have opened accounts with our regular customers, among whom we would be pleased to include you. The goods are offered subject to being unsold on receipt of order. Prices frequently change as the season progresses and we are sometimes obliged to change them without notice.

We request that orders from parties hitherto unknown to us should be accompanied by cash or satisfactory references.

Claims must be made upon receipt of goods so that if the mistake is ours, adjustment may be made promptly.

ORDER EARLY

We anticipate a tremendous demand for bulbs this fall so it is imperative that orders should be placed early.

PLANT BLUE PHLOX WITH THE BREEDER TULIPS
AND SEE WHAT HAPPENS

Single Early Tulips

These are universal favorites, and the most popular and attractive flowers for early **Spring** display in the garden or for **Winter** blooming in the house or conservatory. They are perfectly hardy and of easiest culture in any good garden soil, seldom failing to give the greatest satisfaction. When massed in beds or large clumps, the best effect is obtained. How to plant: Set the bulbs 4 inches deep and 5 inches apart. Cover with salt marsh hay after first frost.

The varieties marked with a star (*) are good for forcing.

- ***Belle Alliance** (Waterloo), scarlet. 11 in. Doz. 85c; 100 \$6.
- ***Brilliant Star**, beautiful brilliant scarlet. 12 in. Doz. \$1.30; 100 \$10.
- Cottage Maid**, rosy pink, white striped. Doz. 80c; 100 \$6.
- ***Couleur Cardinal**, crimson scarlet, very brilliant. 12 in. Doz. \$1; 100 \$8.
- Duc van Tholl**, the dwarfest of the early scarlet tulips. They grow well in dutch bulb fibre. When planted with small table ferns they make a charming small gift plant. Doz 80c; 100 \$6.
- ***Flamingo**, pink, extra for forcing. 12 in. Doz. \$1; 100 \$7.
- ***Keizerskroon**, red and yellow bordered. Showiest variety. 15 in. Doz. \$1.20; 100 \$9.
- Lady Boreel** (White Joost van Vondel) pure white, 13 in. Doz. 85c; 100 \$6.
- ***Pink Beauty**, pink, slightly white shaded, very large. 12 in. Doz. 1.25; 100 \$9.
- Pottebakker**, pure white, large flower. Doz 75c; 100 \$5.
- ***Prince of Austria**, beautiful orange red, sweet scented. 14 in. Doz. \$1; 100 \$7.
- ***Prosperine**, rich silky rose, very large, early forcer. 14 in. Doz. \$1.20; 100 \$9.
- Rising Sun**, golden yellow (new), the finest early yellow. 16 in. Doz. \$1.20; 100 \$9.
- White Beauty**, pure white, very large. Doz. \$1; 100 \$8.
- ***Woverman**, dark violet, good bedder. Doz. 75c; 100 \$5.

Try this in your **WINDOW GARDEN**

Grow a dozen or more **Duc van Tholl** single early scarlet tulips in pots or flates, using prepared bulb fibre mixed with sifted ashes. They will show color in about six weeks. Then take some small table ferns and plant them with the tulips in 6" or 7" pans. They also make an excellent dwarf table decoration.

If you have a **ROCK GARDEN**

See pages 10 and 11 for a collection of hardy bulbs that will yield a bountiful blaze of bloom next spring.

CROCKET'S RAINBOW MIXED. All the best varieties in a well balanced mixture. Doz. 75c; 100 \$5.

Handsome Hyacinths

for House and Gardens

Culture in Pots or Pans. These may be planted any time from September to November, though early planting as a rule gives the best results. Firm, heavy bulbs should be selected, and, if to be planted singly, use a 5-inch pot or four bulbs of one variety to an 8-inch seed pan. A piece of broken pot placed over the hole and 1 or 2 inches of Sphagnum Moss placed on this, makes excellent drainage. A light, rich soil is essential; one made up of one-third rotted cow manure, one-third rotted sod, and the balance of leafmold and sharp sand, is excellent. When planting, break off all outsets, if any, at the base of the bulbs, and have the top of the bulb just below the soil, and the soil about an inch below the top of the pot; give a good watering, put in a cool place and cover with 5 or 6 inches of sand or sifted coal ashes; this prevents the bulbs from rising while they are making roots and holds the moisture. After eight weeks the roots should be strong enough to allow them to be brought to the light and into the room where they are to bloom.

Large Bulbs, each 30c; doz. \$3; 100 \$24.

Roses for October planting Peonies

Our Nursery stock is mostly grown in Union County and is strong and free from disease. A State certificate accompanies all shipments.

LANDSCAPE DEPARTMENT—Our Foundation Plantings are distinctive.
We Make Unique Rock Gardens and Perennial Borders.

THE lace fly became a very serious pest some years ago. The colonies of nymphs feed on the underside of the leaves and the foliage presents a sickly yellow appearance, as if attacked by red spider. This is promptly destroyed and kept under control by spraying with

Wilson's O.K. Plant Spray

but it is very important to get the O. K. PLANT SPRAY under the leaves, as that is where the lace fly is found.

Wilson's
Rhody-Life

Wilson's Rhody-Life

THE NATURAL SOIL CORRECTOR FOR
RHODODENDRONS, AZALEAS, ETC.

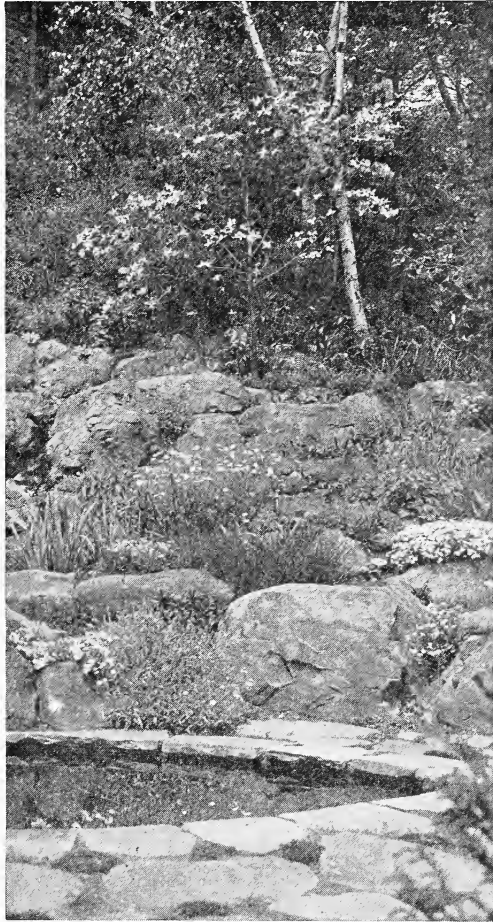

WE have made extensive trials with Wilson's Rhody-life on private estates, and at nurseries with good results. We feel that this preparation is about as near perfect as it is possible to get. Wilson's Rhody-life must not be used as strong as some of the preparations now on the market. One-quarter inch is about as heavy as it should be applied, eight pounds to the square yard. Wilson's Rhody-life may be applied at any time.

Wilson's Rhody-life is not a fertilizer but a preparation for making the soil acid or, in other words, "Ideal" for growing Rhododendrons, Azaleas, Laurels, Pines, Spruce, Blueberries, and other acid loving plants.

Wilson's Rhody-life is sold at the following prices:

100 lbs.....	\$5.00
½ Ton.....	45.00
1 Ton.....	85.00
